LOGGED

MEMORANDUM FOR: Director, Program and Budget Staff, ICS

FROM:

[Redacted]
Chief, Administrative Staff, ICS

STAT

SUBJECT: House Appropriations Committee Audit Report Query

REFERENCE: Your memo dated 29 May 1985, same subject

All audits of the Intelligence Community Staff are performed by CIA, and therefore almost all of the data requested for the House Appropriations Committee in your referenced memo are not readily available to us. The data would presumably, however, be included, at least in aggregate, in CIA's response to your memo. We do, nevertheless, have copies of the last internal accounting audit of the Staff, which covered the period October 1981 thru September 1983, and Staff Contracting Officers (COTRs) receive from time to time audit reports on their own external commercial contracts. The last internal program review occurred about 1981, prior to the Staff's reorganization, and would presumably no longer be relevant.

The CIA components that audit the Staff are as follows:
